| <b>Beschreibung / Besonderheiten</b><br>Spülsaum am naturnahen Sandstrand, Außenküste Bug, von der "Ostseehütte" aus nach NO bis zur Nationalpark-Grenze. Es handelt sich um einen Sandstrand mit Anteilen von Kies und Steinen. Spülsaummaterial ist nur wenig vorhanden, daher spärlich Vegetation der Spülsäume, wie z.B. Meersenf, Kali-Salzkraut, Salzmiere. Z.T. auch Primärdünenarten wie Strandroggen, Dünenquecke oder Filz-Pestwurz. Landwärts grenzt ein einreihiger Dünenzug (Graudüne, z.T. Vordüne). Die Dünen fallen steil (z.T. kliffartig) zu Strand ab. |   |                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                      |                                                                                                                                                                   |                                                                                                                  |   |                                                                                                                                                          |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                |  |   |   |   |   |  |  |  |  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |  |   |   |   |   |   |   |   |   |   |   |   |
