| <b>Beschreibung / Besonderheiten</b><br>Zu einer größeren, von mehreren Gräben durchzogenen Senke südwestlich von Lübz, die hauptsächlich von Wiese eingenommen wird, gehört im Nordosten der Senke gelegen eine recht artenreiche Sumpfschilf-Feuchtwiese. Zu der Feuchtwiese auf feuchtem - sehr feuchtem Antorf gehören außer Sumpfschilf auch Mädesüß, Kuckuckslichtnelke, Kohlratzdistel, Honiggras etc. Als Störzeiger tritt der Löwenzahn zahlreich auf. |   |   |   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |   |   |                                                |                                                                                                                                                         |   |   |                                   |                  |  |  |              |                          |  |   |  |            |  |  |  |                                                                                                                                                         |  |                                                                                                                                                                                      |  |  |  |   |   |   |   |   |   |                  |   |                                                                                                                                                                            |  |                                                                                                                                                         |  |  |  |                                                                                                                                                                                                                                      |  |  |  |   |   |   |   |                  |   |   |   |                                                                                                                                                         |   |   |   |   |                                                                                                                                                                                                                           |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |
