| <b>Beschreibung / Besonderheiten</b><br>Die entwässerte Feuchtwiese befindet sich in einer Nische. Feuchte Antorfe bilden eine ebene Oberfläche. Das Biotop ist Teil einer intensiv genutzten Wiese.<br>Das Biotop besteht aus einem Mosaik von Sumpfseggen-Honiggras-Feuchtwiese, Sumpfseggen-Rotschwengel-Feuchtwiese, Sumpfseggen-Rasenschmielen-Feuchtwiese, Brennessel-Honiggraswiese und Hahnenfuß-Rasenschmielenwiese. Zweizeilige Segge und Kuckuckslichtnelke wurden nachgewiesen und sind Bestandteil der Roten Liste.<br>Die Degradierungen sind auf ein Grabensystem zurückzuführen. Die Entwässerung sollte daher eingeschränkt werden. |   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                               |  |                                                     |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                   |  |   |   |   |   |   |   |   |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |  |
